The Council approved the changes proposed for the FIS point calculation system and minimum penalties from the start of the 2018-2019 season, but not applying the new system retroactively.

The proposal to change the minimum FIS penalties was approved.

Note:

During the 2018 FIS Congress in Costa Navarino (GRE), the Council agreed to the proposal to change the minimum penalties for alpine competitions and eliminate the artificial FIS points of the World Cup Start List top 30 athletes (starting 1st July 2018). However, they did not agree to the retroactive application of that change based on the simulation list prepared during the past two seasons.

Based upon that decision, the following procedures will be utilized in FIS alpine competition for season 2018-19: the Base List, seeding of competitions, penalty and

race point calculations, and subsequent Normal FIS point lists (NL) will use the same system as in season 2017-18.

A parallel system will run using the new minimum penalties of 0/15/20/23/60. That parallel system will score every race using the new minimum. The data developed under that parallel system will be the basis for the 2019-20 Base List (BL). No Normal FIS list (NL) will be produced with the result of the parallel system before 1st July 2019.

See below the example how a FIS results will be loaded on the Website:

Rank	Bib	FIS Code	Name	Year	Nation	Run 1	Run 2	Total Time	Diff.	FIS Points	2020 points

7.4. art 4.4.7 Average top 20 started racers (GER)

The proposal to include an adder based upon the top 20 finishing racers was tabled for further review and analysis.

8. FIS Points rules 2018/2019

The Rules for the FIS Alpine Points will be updated based upon the changes made during this meeting and will be available in the Fall.

9. Miscellaneous

There was no other business.

10. Next meeting

The next regular meeting of the sub-committee will be held during the FIS Autumn Meeting, Zurich (SUI), 25th to 29th September 2018.
